

Should inclement weather occur during the 2020-2021 school year, one of the following plans will be communicated:

**Code 1: Waynesboro Public Schools are Closed:  
Asynchronous Learning Day: Power is widely available throughout  
Waynesboro City**

- Student's will have an "at-home" instructional day. Teachers will communicate the daily schedule based on previous virtual schedules.
- Instructional staff will work from home.
- Twelve-month employees will report to work as communicated.
- WPS will continue to provide meal services and may adjust distribution times and locations, as needed.

**Code 2: Waynesboro Public Schools are Closed  
"Snow Day": There is a large-scale power outage throughout  
Waynesboro City.**

- There are **NO** requirements for instruction on a Code 2 day.
- Twelve-month employees will report to work as communicated.
- This day will be the typical "snow day." It will not count towards instructional hours for the student.
- Meal services will be suspended.

Waynesboro Public Schools will not use a 2-hour delay schedule for 2020-2021. We will continue to communicate (i.e. School Messenger, social media, website) and will indicate if this is a Code 1 or Code 2 day for students and staff.
